April 2024, Vol. 4 Series 24

EASTER EGG HUNT!

Thanks to everyone for coming out to our annual Easter Egg Hunt. It was great to see so many attend.

Keep your eye out next month for information on more city activities including the annual neighborhood garage sale.

APRIL SHOWERS... BRINGS MAY FLOWERS!

Wet weather reminders. If you have a sewer grate in front of your house, please keep it clear. Failure to do this can potentially cause big problems when it rains, flooding your neighbors downhill and possibly the roads. Also make sure your gutters are functioning properly and free of debris.

Spring is a great time to get out and walk or jog. If you are out during dusk or dawn hours, be sure to wear reflective clothing. It is a very serious safety issue as it is very difficult to see you and drivers are often distracted. Also drivers please watch out for walkers and joggers as well as children at play.

MAYORS NOTES

First and foremost, if you happen to see commissioner Jamie Schapker walking the neighborhood, thank her for all the work she did for the Easter Egg Hunt for the children. It went without a hitch and I think all the young ones loved it.

Our April commission meeting will begin to address the 2024-2025 budget which will take effect on July 1. Subsequent to our printing we became aware of several printing errors in the directory. We will be printing a new one and getting it out shortly. We ask that when you receive the new one simply toss the old one.

POLICE NOTES

From the Chief:

As I was patrolling the city last week, I came across a young man who had run into a parked car, knocking him to the ground from his bicycle. Fortunately, he suffered only scrapes to his hands and knees, however it could have been much worse as he was not wearing a bicycle safety helmet. According to the Centers for Disease Control and Prevention, "Bicycling leads to the highest number of sport and recreation-related emergency department (ED) visits for traumatic brain injuries (TBIs) in the United States. Rates of ED visits were highest among adult males...and adolescents aged 10-14 years during 2009-2018." In addition, there are many children within Bancroft who operate low-speed electric scooters on the roadway. I would urge parents to make sure they too are using adequate safety equipment to include helmets. I would also suggest parents read Kentucky Revised Statute (KRS) 189.289 which outlines the legal requirements for such vehicles to be operated in Kentucky. Let's all work together to make sure Bancroft remains safe for everyone on the roadway, no matter what kind of vehicle they are operating.
